

Reimagining Schools:

The Construction and Implementation of Ethnic Studies in the Twin Cities

MARCH 27 – 6:20-7:30 P.M. | SMAIL GALLERY,
OLIN-RICE SCIENCE CENTER

We invite everyone to join us for an informative, dynamic, and engaging forum on ethnic studies in the Twin Cities, featuring several local ethnic studies leaders as panelists. Come and engage in this rich conversation regarding the status and future of the local ethnic studies landscape.

We will discuss:

- What have students' experiences in the ethnic studies classroom looked like?
- What is working, and where is there room for improvement?
- How can this information guide the future of ethnic studies courses?

We hope to see you there!
