

ASSA 2022 Virtual Annual Meeting

 JANUARY 7 – 9

Friday, January 7

Public Utilities - Demand Side

Paper Session

 Friday, Jan. 7, 2022 ·  10:00 AM - 12:00 PM (EST)

Hosted By: Transportation and Public Utilities Group

Chair: Douglas Jones, Ohio State University

JEL Classifications

L9 - Industry Studies: Transportation and Utilities

Q4 - Energy

Electricity Pricing and the Energy Transition for Commercial and Industrial Consumers

Shaun D. McRae, Autonomous Technological Institute of Mexico 

The Distributional Impacts of Real-Time Pricing

Mar Reguant, Northwestern University 

Impacts of Power Outages on Solar Plus Storage Adoption: Evidence from California's Public Safety Power Shutoffs

David Brown, University of Alberta 

Can Distributed Intermittent Renewable Generation Reduce Future Grid Investments? Evidence from France

Nicolas Astier, Stanford University 

Public Utilities - Supply Side

Paper Session

 Friday, Jan. 7, 2022 ·  12:15 PM - 2:15 PM (EST)

Hosted By: Transportation and Public Utilities Group

Chair: Frank A. Wolak, Stanford University

JEL Classifications

L9 - Industry Studies: Transportation and Utilities

Q4 - Energy

Measuring the Ability to Exercise Unilateral Market Power in Locational-Pricing Markets: An Application to the Italian Electricity Market

Christoph Graf, Stanford University 

Holding Up Green Energy

Nicholas Ryan, Yale University 

The Private and External Costs of Germany's Nuclear Phase-Out

Akshaya Jha, Carnegie Mellon University 

Do Mergers and Acquisitions Improve Efficiency: Evidence from Power Plants

Mert Demirer, Massachusetts Institute of Technology 

Ömer Karaduman, Stanford University 

Saturday, January 8

Transportation Economics: The Pandemic and More

Paper Session

 Saturday, Jan. 8, 2022 ·  10:00 AM - 12:00 PM (EST)

Hosted By: Transportation and Public Utilities Group

Chair: Ian Savage, Northwestern University

JEL Classifications

R4 - Transportation Economics

L9 - Industry Studies: Transportation and Utilities

Distributional Consequences of Electrifying the Trucking Industry

Cuicui Chen, State University of New York-Albany 

Chunyu Guo, State University of New York-Albany

Covid-19 and the Less-than-Truckload Motor Carrier Industry: A Structural Analysis

Steven T. Buccola, Oregon State University

Angela Du, Fort Hays State University 

Productivity and Cost Pattern in the All-Cargo U.S. Airline Sector

James H. Peoples Jr., University of Wisconsin-Milwaukee 

Zoe Laulederkind, University of Wisconsin-Milwaukee

Pandemic Airline Strategies: A Performance Analysis

Martin E. Dresner, University of Maryland

Andrea Gualini, University of Bergamo

Li Zou, Embry-Riddle Aeronautical University 

Discussant(s)

Jonathan E. Hughes, University of Colorado-Boulder

Jonathan D. Hall, University of Toronto

Kenneth J. Button, George Mason University

Monica Hartmann, University of St. Thomas

Transportation Economics: Infrastructure and More

Paper Session

 Saturday, Jan. 8, 2022 ·  12:15 PM - 2:15 PM (EST)

Hosted By: Transportation and Public Utilities Group

Chair: Ian Savage, Northwestern University

JEL Classifications

R4 - Transportation Economics

L9 - Industry Studies: Transportation and Utilities

Does the U.S. Have an Infrastructure Cost Problem? Evidence from the Interstate Highway System

Neil Mehrotra, U.S. Treasury Department

Matthew Turner, Brown University 

Juan Pablo Uribe, Brown University

Highways and Globalization

Taylor Jaworski, University of Colorado-Boulder 

Carl Kitchens, Florida State University

Sergey Nigai, University of Colorado-Boulder

Revealed and Stated Preference Modeling of Transportation Demand: A Control Function Approach

Felix L. Friedt, Macalester College 

Wesley W. Wilson, University of Oregon

The Evolution of Contracting: Evidence from the U.S. Freight Rail Industry

Jeffrey T. Macher, Georgetown University

John Mayo, Georgetown University 

David E.M. Sappington, University of Florida

Discussant(s)

Patrick S. McCarthy, Georgia Institute of Technology

Max Gillman, University of Missouri-St. Louis

Alejandro Molnar, World Bank

James Nolan, University of Saskatchewan
